Additional Training

- ▶ **Next.js App Router Fundamentals (Certificate)** — Vercel
- ▶ **React Foundations for Next.js (Certificate)** — Vercel
- ▶ **OCI Foundations Associate (Certificate)** — Oracle
- ▶ **Development with Artificial Intelligence (Certificate)** — BIG School
- ▶ **Artificial Intelligence Fundamentals (Certificate)** — IBM

Languages

- ▶ **Spanish** - Native
- ▶ **Galician** - Native
- ▶ **English** - Upper-Intermediate (Cambridge FCE)

Tech Stack

- ▶ Java, Spring Boot, Python, C/C++, SQL
- ▶ JavaScript, TypeScript, HTML, CSS, Angular
- ▶ Docker, Git, Linux

About Me

Passionate about Artificial Intelligence and innovative solutions. I stand out for my quick learning, **critical and logical thinking** applied to problem-solving. I am proactive and take initiative in team projects.

Interested in creating scalable, efficient, and user-friendly intelligent applications that translate modern technology into real clinical and social impact.

Education

Bachelor's Degree in Computer Engineering
Universidade de Vigo (ESEI) - (2023 – Present)

Bachelor's Degree in Mathematics
Universidad de Santiago de Compostela - (2021 – 2023)

Professional Experience

ANFAIA - Association dedicated to the Acceleration of AI
AI Engineer Intern (07/2026 – 08/2026)

High adaptability and continuous learning in the research and implementation of emerging technologies to efficiently integrate them into real clinical solutions.

DataSpartan - Software Development Company

Software Development Engineer Intern (09/2025 – 12/2025)

Professional software development fostering **teamwork**, the use of collaborative tools, and **adaptability** to real-world environments.

Banco Santander in collaboration with Universidade de Vigo
IT Training Scholarship (10/2025 – Present)

Focused on technical support and maintenance of IT systems, **collaborating with others** on support tasks, **problem-solving**, **autonomy**, and infrastructure improvement.

Innovation

Throughout my studies, I have actively sought challenges where technology and efficiency converge.

- **HackUDC 2026, Hacktoberfest 2025 and Hiperbaric Challenge:** Consolidation of **leadership** and the ability to solve complex technical problems under pressure.
- **Fundación Innovación Bankinter (Akademia Future Builders):** Training in **innovation** and **entrepreneurship**, focused on transforming emerging trends into high-impact solutions.

Initiatives and Competences

Private Tutor for STEM subjects – Development of **communication** skills and the ability to simplify complex concepts to ensure understanding.

Student Representative & Standing Committee Member – Student representation, **collaborating** in academic management and service organization through the Standing Committee.

PAT-ANAE Mentor (Universidade de Vigo) – Fostering **leadership and empathy** by guiding incoming students through the university system.

Volunteer at Asociación 10% (Maristas Ourense) – **Social** commitment in solidarity projects for community support.

Writer for University Magazine Más Mates (USC) – Enhancing **synthesis and dissemination skills**, transforming technical knowledge into accessible content.

Language Stay in Ireland (2018) – Development of **adaptability** to unfamiliar environments and consolidation of English proficiency through full immersion.
